## **COVID -19 Safety Protocol**

Your health & safety is my top priority. The guidelines below are to be followed by the therapist and the client. If you have any questions please ask.

### **Wear a mask**

Thank you for continuing to wear your mask during your appointment. Although the requirement to wear a mask has been lifted in many circumstances as of October 27, 2022, a mask is still required to be worn by any person in a health care facility. [WAC 269-17A-6109](#) classifies LMTs as "medical and health services [providers]," making the massage environment legally considered a health care setting.

For more information, please visit the [DOH FAQ page](#).

### **Studio cleaning**

Increased sanitizing measures are in place throughout the office with 30 minutes between each session to allow time for thorough sanitation. Treatment room is equipped with an air purifier.

### **Hand washing**

Thank you for washing your hands or using hand sanitizer prior to your session.

### **Feeling sick?**

If you are feeling sick or have any symptoms please stay home and reschedule when you are feeling well. If you have tested positive for Covid-19 please reschedule 5 days after showing last symptom.
